REJUVENATING SHAMPOO

REYU Artwork Guidelines

Bleed Area:

Extend any background colours or patterns to fill this area for edge-to-edge printing.

Trim Area:

This is where your label will be cut. All artwork you want to be visible should be within this area.

Safe Area:

Please make sure any important elements, such as text and logos, are within this safe area.

Do not edit or resize the BACK ARTWORK group layers without discussing it with a REYU consultant first. Certain elements are legally required.

Hints & Tips

- The bottle diameter is 60.7mm, so bear this in mind when placing elements that you want to be visible together.
- For clear labels, make sure any elements to be printed in white are spot colours with the name **SpotColor_White**
- Print the artwork yourself on A4 to ensure all text is readable

Exporting

- Delete / hide the ARTWORK GUIDELINES group layer
- Outline all text (select all layers, click type -> create outlines)
- Save all products as separate PDF files (PDF/X-1a:2001)
- Save with 3mm bleed and no printer marks

Directions for use: Apply to wet hair and massage. Rinse and repeat if needed. Gentle enough for everyday use.
